

As per the feedback taken from various stakeholders during even and odd Semester 2021-22, the following report is prepared and action has been taken. The details summary of the report and actions are highlighted below:

Action Taken Report on Feedback

General analysis of the feedback taken for curriculum upgradation received from different Stakeholders in an important measure for the quality enrichment of the institution. The institute has a multidimensional, well defined process of assessment including feedback by the stakeholders like students, faculty members, Alumni and Employers to identify the curricular gaps and according to it, measures are taken to bridge the gap by taking actions to supplement the curriculum. Hence the institute has options with add-on courses, guest lectures, workshops, seminars, industrial visit etc. The objective of this system is to fill the gap for all round development of the students of the institute.

Feedback Analysis and Action taken

Feedback	Action taken
<p>Students</p> <ul style="list-style-type: none"> Students believe that the soft/communication skills such as verbal communication, teamwork, problem-solving, and leadership, are highly valued by employers in today's job market would improve their chances of placement in industry. Students have expressed their opinion about promoting internship which can be beneficial for both employers and students. 	<ul style="list-style-type: none"> All Departments have organized Workshops and Seminars for Students by inviting experts from industries and reputed institutions which provide students with valuable opportunities to learn from experienced professionals and gain insights into real-world practices and trends in their fields of study. <p>Four such workshops/seminars were conducted in the year 2021-22, and more such activities will be conducted in the upcoming years for students that can help them stay up-to-date with the latest developments in their industries and develop the skills and knowledge needed to succeed in their careers.</p> <ul style="list-style-type: none"> During the summer and winter breaks, students were sent on internships. The institute believes Internships can provide students with hands-on experience in their chosen field, which further can help them build their skills and improve their chances of finding employment after graduation. For employers, internships provide an opportunity to evaluate potential
